

# Developing a Roadmap

**Thank you so much for participating in the PITCH training on the training on the UPR. After the same, it is critical for us to continue engaging in the process. To this end, it is important to develop a roadmap. Kindly use the guide below to develop the roadmap**

- Preferably come together as a country
- What is the main problem/key issue?
- Where are we in our country's UPR?
- How do we intend to undertake advocacy in light of Corvid 19?
- What is the political environment in your country?
- Who is our main lobby target at this point?
- What advocacy document do we need to develop?
