

Global Village Booth #90

# Shifting the Power for Community Leadership

Activities at the Aidsfonds networking zone

We hear it everywhere: shift the power! In reality, communities are still being tokenised. How can communities drive policies and programming? Our networking zone offers insights and space for discussion on how to truly walk the talk. And we invite everyone to share ideas on how to go about the elephant in the room: power disparity.

## Do You Hear Me?

Launch of the HIV language compendium

Sunday 31 July, 16:00 - 16:30 PM  
Briefing

The internationally agreed language compendium supports rights-based advocacy on UN resolutions and documents related to HIV and global health. It is developed by the Love Alliance in collaboration with the Georgetown University O'Neill Institute.

• **Juliette McHardy**

## Community Leadership is Powered by...

Networking with like-minded partners

Sunday 31 July, 16:30 - 17:30 PM  
Network reception

Raise your glass with us to commit to community leadership. Have a drink and a chat, engage in some serious networking or discuss how to tackle the elephant in the room.

## What you need to know about WHO's updated guidelines for Key Populations

The path from guidelines to implementation

Monday 1 August, 14:00 - 14:30 PM  
Panel discussion

The session will focus on what is new in the updated WHO KP guidelines to inform community advocacy. We will discuss what communities and advocates can do to ensure the implementation of these global guidelines at national and local levels.
